# medisun<sup>®</sup> Psori-Comb

## Effective treatment of small and difficult accomplishable skin areas

medisun<sup>®</sup> Psori-Kamm allows the targeted exposure of small skin areas, as for example hands, elbows, knees and so on.

The removable combrow helps keeping the right distance.

## Comprehensive accessories included

medisun Psori-Comb will be delivered with a padded transport box, UV-protection goggles and one count-down-timer.

By help of the included dosage / time table the dosage can be reproduced exactly.

Due to the external ballast with plug the handpiece is very light and shows a good handling.

## Short exposure times

The high UV intensity of the medisun UV lamp enables short exposures times. UV protection goggles for patient are included.

## Indications

- ◆ Psoriasis
- ◆ Atopic dermatosis
- ◆ Vitiligo
- ◆ PUVA-Therapy
- ◆ Polymorphic light dermatosis (PLD)

## Technische Daten

Capacity: 11 W  
Weight: 0,9 kg  
Power supply: 230 V / 50 Hz  
UV-Lamp: 1 x 9 W  
Certification: **CE** 0197
